NatureBeingArt - Contemplative Abstract Photography by Jamie McHugh

We are currently offering **Dye-Infused Aluminum Prints.** These ready to hang images are printed directly on aluminum with either a **recessed back frame** or a **recessed back frame with a wood float frame**. They are cost-effective, resistant to moisture, scratches and abrasions and can be cleaned with any all-purpose cleaner, making them an ideal choice for public spaces. The prices and sizes below are our most popular offerings. If you are interested in other sizes, or a photographic print alone, or a print mounted on aluminum or Di-Bond with a recessed back frame and a UV-protective laminate, please contact us for more information.
